

**CHANGE A  
CHILD'S STORY.™**

Thank you for your interest in volunteering with Court Appointed Special Advocates (CASA)! We appreciate caring citizens from our community who are willing to join us in making a difference in a child's life. My name is Terrica Roberts, and I am the Volunteer Supervisor for CASA of North Mississippi. We are excited to welcome you to our program. The greatest rewards come from the heart, and you **CAN** make a difference in someone's life by joining a nationwide child advocacy movement.

We have several ways that you can get involved to help a child find a permanent, safe, and loving home. We need volunteer child advocates as well as volunteers to assist with resource development, community outreach, office assistance, etc. If you would like to contribute in other ways, please send us an email with your skills and interests.

### **Becoming a CASA Volunteer**

So, what does it take to become a CASA volunteer? First and foremost is a desire to help the most vulnerable of our children. The safety and protection of the children we serve is of paramount importance. All potential volunteers, before beginning training, undergo an extensive screening process. In addition to the

application, volunteers are interviewed, references are obtained and verified, and background checks, including fingerprinting are conducted.

### **WHAT DO CASA VOLUNTEERS DO?**

Prior to being appointed to a case by the Juvenile/Youth Court Judge or Magistrate, the volunteer completes a 30-hour specialized pre-service training program. Once assigned a case, the volunteer begins getting to know the child and investigating everything to do with the child's life. With the guidance of CASA staff, the volunteer interviews and gathers information from the child, family members, neighbors, teachers, social workers, and other professionals who may have knowledge about the child. Based on this investigation, the volunteer prepares a report of their observations and recommendations regarding the child's best interests which they then present in court to a Magistrate with the assistance of their Advocacy Coordinator. Approximately 95% of CASA volunteer's permanency recommendations are accepted by the Court and included in its final order.
