Children

We work to amplify the voices of children and youth to serve their best interests. We believe that everyone has the potential to improve their quality of life. Therefore, we make independent and educated recommendations, true to our understanding of each child's best interest, that prioritize children's safety and preserve connections to their families whenever possible.

Highly Trained Volunteer Advocacy

We strive to consistently provide the highest quality of training to our volunteer advocates. We empower the community through solid screening, training, supervision, and support of volunteers.

Service

We believe that each employee and board member has an integral role in delivering excellent service to our volunteers, community, donors, each other, and stakeholders. We listen and respond to the needs of our community, each other, and our stakeholders. We prioritize giving world-class service and achieving excellence each passing day. Acting with integrity at all times, providing quality service, being reliable and responsible to everyone we work with.

Collaborative Alliance

We know that outcomes for children, youth, and families are better when we all work together with community partners. We seek out collaborations to best serve children, youth, and families whenever possible. We ask for and offer collaboration with other stakeholders.

Leadership

Whether dealing with families, colleagues, foster parents, donors, or supporters, we work hard to build trust, foster open communication, and develop and maintain positive relationships. We are committed to fostering initiatives that benefit the children we serve and freely share our intellectual resources with others. We take a leadership role wherever we can in an effort to help our children not just survive but thrive.

Community

We are an essential stakeholder in the child welfare system that prioritizes the well-being of children and youth. CASA is a community of volunteers and staff, advancing the best interests of children in their communities, rallying community resources for children and their families.
